

Transportation Association of Greater Springfield

August 16, 2006

Colonel Brian Lauritzen  
Headquarters US Army Garrison  
9820 Flager Road, Suite 213  
Fort Belvoir, VA 22060

Dear Colonel Lauritzen:

The Transportation Association of Greater Springfield (TAGS) has recently heard about the Army's preferred site plan to accommodate the Department of Defense's Base Realignment and Closure (BRAC) actions at Fort Belvoir.

We are a civic-minded association consisting of citizens, businesses, community groups and local leaders who are dedicated to "transportation solutions" in our community. As members of the affected community associated with BRAC, TAGS would like to respectfully invite a BRAC community liaison to an upcoming meeting in order for us to learn more about your plan and how transportation issues are addressed.

I may be contacted directly by email at [TAGS@TAGSVA.org](mailto:TAGS@TAGSVA.org). We appreciate your prompt response and attention.

Sincerely,

Joan Clark  
TAGS Administrator
